RIDING HAS EVOLVED

SPYDER

can-am

THE EVOLUTION OF RIDING CONTINUES

We can live our lives in anticipation of the destination, or we can experience the adventure of getting there.

We can sit idle, waiting to arrive or we can open the throttle and enjoy the twists, the turns and the open-air exhilaration of it all.

The destination has been given a purpose.

The journey has evolved.

EXHILARATION, HOWEVER YOU LIKE IT.

Presenting the 2016 Can-Am® Spyder® line-up featuring the new Spyder F3-T and Spyder F3 Limited.

AWARD-WINNING DESIGN

The Spyder F3 has been named a 2015 Red Dot award winner for demonstrating exceptional product design and innovation. The Red Dot awards recognize the finest designs across many product categories and this recognition underscores our commitment to designing world-class recreational products.

CONVENIENT TEST DRIVES

Nothing compares to the feeling of riding a Can-Am Spyder. And it's never been easier to experience—whether at a dealer or at a demo event. Visit CanAmSpyder.com for a calendar of upcoming events.

EASY LICENSING

While there are a few exceptions, simplicity is the rule. Generally, licensing can be completed in one day, using the Can-Am Spyder for the road test. Information on regional license requirements is available at CanAmSpyder.com.

A STRONG COMMUNITY

From group rides to online discussions, the large and active community of Can-Am Spyder owners offers new riders support, advice and camaraderie. Facebook, Twitter, Instagram and forums are good ways to connect with the community.

FROM A TRUSTED NAME

Built by BRP, every Can-Am Spyder shares its DNA with some of the most exciting, innovative and reliable names in powersports—Ski-Doo® snowmobiles, Sea-Doo® watercraft, Can-Am ATVs and side-by-side vehicles, Evinrude® outboards, and Rotax® engines.

F3

WHERE CONVENTION ENDS, THE ULTIMATE JOURNEY BEGINS.

When you ride a Can-Am Spyder F3, the destination becomes the ride itself; a one-of-a-kind experience in open-air riding.

A cruising riding position, low center of gravity and performance-calibrated Vehicle Stability System provide dynamic handling and great cornering, while ensuring unprecedented control. The Rotax 1330 ACE™ engine offers the power, torque and signature exhaust note guaranteed to make every journey exhilarating.

SPYDER F3

KEY FEATURES:

- Rotax 1330 ACE In-Line 3-Cylinder Engine
- Semi-Automatic or Manual 6-Speed Transmission with reverse
- Stability Control, Traction Control and Anti-Lock Brakes
- Dynamic Power Steering
- UFit system
- High-Performance Brembo® Braking System
- Gas-charged FOX® PODIUM® Shocks
- Anti-Theft System
- 6.5 Gallons (24.4 L) of Cargo Space
- 6-Spoke Metallic Silver Front Wheels

STEEL BLACK METALLIC

SPYDER F3-S

INTRODUCING THE 2016 CAN-AM SPYDER

SPECIAL SERIES IN TRIPLE BLACK.

Embrace the darkness with the limited-production Special Series Spyder F3-S, F3 Limited and RT-S. Featuring exclusive Triple Black coloration and graphics, unique six-spoke front wheels in black chrome and a signature seat. Reserve yours before they disappear.

U-FIT

DRAG BAR

Part of the UFit System. Race-inspired straight bar is wide and more forward for a more aggressive riding position or tall drivers.

U-FUNCTION

LOW BOY WINDSHIELD

Sporty low windshield for F3-T and F3 Limited models. Scratch and UV-resistant 4.5 mm polycarbonate shield mounts on the stock supports.

U-STYLE

SHAMROCK WHEELS

Add personality to your Can-Am Spyder. Casted, painted and machined wheels.

U-PERFORMANCE

AKRAPOVIČ[†] STRAIGHT SHOT SILENCER

Premium chromed stainless steel shell construction, end cap and heat shields. Deeper, more guttural sound than stock silencer. Meets the most stringent standards—EPA & CARB.

RIDING GEAR

COOPER JACKET

Waterproof, windproof and breathable Teflon-treated fabric with RPM technology. Shaped sleeves, adjustable openings, a removable liner and underarm ventilation for comfort. Reflective details for safety.

UNIQUE BEGINS WITH U

Create a Can-Am Spyder that's as unique as you are. Let our exclusive 4U guide kick start your customization. Choose and cruise. As easy as 1-2-3-4.

U-FIT

Now you can tailor your Can-Am Spyder to fit you like a dream. Tweak and adjust the fit that lets you truly connect with your ride. It's all about comfort and enjoying every stretch and curve of the road to freedom.

U-FUNCTION

Every outing is different and that's part of the fun. Customize your Can-Am Spyder for the way you usually ride, and thanks to our easy-to-add or -remove integrated accessories, you can adjust as you need. Is it a solo or 2-up trip today? Stripped down or fully loaded? It's your journey—do it your way.

U-STYLE

Personalization speaks volumes about who you are, and our custom accessories let you say it with added sophistication and style. Don't just embrace your inner self, make a statement.

U-PERFORMANCE

Unleash the untapped power and handling of your Can-Am Spyder with our performance-boosting accessories. Because freedom means you get to choose how you travel your road.

SPYDER F3 ACCESSORIES AND RIDING GEAR

A CUSTOM FIT FOR EVERY RIDER.

To make the journey as comfortable as possible, all Spyder F3 models feature our exclusive UFit system, allowing both male and female riders to customize an exact fit based on their height and preferred riding style. Choose from five footpeg positions and five handlebar options to get ultimate fit and comfort.

FIND YOUR FIT AT UFITSYSTEM.COM OR VISIT YOUR DEALER AND ASK ABOUT THE SHOWROOM FIT TOOL.

SPYDER

ULTIMATE COMFORT AND LUXURY FOR THE LONG RUN.

The Spyder RT Y-frame design and sophisticated automotive technologies provide confidence—while the comfort-tuned suspension options, electric adjustable-height windshield, and premium saddle and backrest offer a luxurious ride for driver and passenger. Generous built-in cargo capacity and a premium sound system make the Spyder RT perfect for multi-day adventures, across town or cross-country.

The high-torque Rotax 1330 ACE in-line, triple-cylinder engine is smooth and responsive across the entire rev range, while the six-speed transmission utilizes a cutting-edge clutch-activation system and ECO™ mode smart-assist to enable a range up to 252 miles (406 km) at 62 mph (100 km/h) on a single tank of fuel!

SPYDER RT

KEY FEATURES:

- Rotax 1330 ACE High-Torque Engine
- Semi-Automatic or Manual 6-Speed Transmission with Reverse
- Traction Control, Stability Control and Anti-Lock Brakes
- Dynamic Power Steering

ACCESSORIES AND RIDING GEAR

U-FIT TRI AXIS ADJUSTABLE HANDLEBAR

State-of-the-art adjustable handlebar reduces fatigue and delivers comfort for all riders thanks to unlimited adjustment possibilities. Three different axis allow you to adjust the handlebar in terms of height and width, and arm distance.

U-FUNCTION ADJUSTABLE VENTED WINDSHIELD

Regulates driver frontal airflow. Integrated adjustable vent offers easy infinite adjustment of horizontal slats from closed to fully open.

U-STYLE PASSENGER FOOTBOARDS

Enhance your look and riding experience with complete chrome passenger footboards assembled with rubber insulation pads. Mounting hardware included.

U-PERFORMANCE AKRAPOVIČ SPORT TOURING 3C SILENCER

Set your ride apart with the dynamic, deep resonant sound of an Akrapovič silencer. Its premium titanium and carbon fiber construction is 55 percent lighter than stock model and it's been tested to meet the most stringent requirements.

RIDING GEAR

TECH PLUS JACKET

This lightweight and versatile jacket is 100 percent water and wind resistant and features a Sympatex waterproof, windproof, breathable membrane, integrated balaclava hood, shaped sleeves, adjustable openings, ventilation, reflective details and water-resistant pocket with zippers.

U-FIT

Now you can tailor your Can-Am Spyder to fit you like a dream. Tweak and adjust the fit that lets you truly connect with your ride. It's all about comfort and enjoying every stretch and curve of the road to freedom.

U-FUNCTION

Every outing is different and that's part of the fun. Customize your Can-Am Spyder for the way you usually ride, and thanks to our easy-to-add or -remove integrated accessories, you can adjust as you need. Is it a solo or 2-up trip today? RS

*IF YOU DREAM OF PERFORMANCE,
THIS IS YOUR CAN-AM SPYDER.*

The Spyder RS is built to deliver sublime performance and handling. Its technology, riding position and style are perfect for pulse-quickenning, time-crushing thrill rides. The remarkable handling characteristics of the Spyder RS are further enhanced by a special sport-calibrated vehicle stability system—developed in partnership with Bosch—which includes traction control, stability control and anti-lock brakes. Plus, the gas-charged FOX PODIUM front shocks are tuned for a tight, controlled ride.

The Spyder ST handles sport-touring duty with long-range comfort, crisp handling and acceleration to satisfy any riding style. An upright riding position, footboards and extra legroom make the Spyder ST suitable for all-day comfort while the easily adjustable windshield height and side deflectors offer excellent wind protection. Both Spyder RS and ST are powered by a high-torque 998 cc Rotax V-twin engine. A reverse gear is also standard on both models.

ST

*THE BEST ADVENTURES OFFER A LITTLE BIT
OF EVERYTHING. SO DOES THE SPYDER ST.*

SPYDER RS

KEY FEATURES:

THE CONFIDENCE OF 7 AUTOMOTIVE TECHNOLOGIES, INCLUDING THE MOST ADVANCED VEHICLE STABILITY SYSTEM IN THE INDUSTRY

1. STABILITY CONTROL SYSTEM

The Stability Control System assesses the rider's intended direction and determines the vehicle's appropriate response. The system applies the brakes to the wheels individually and/or reduces excess engine torque until control is regained.

2. TRACTION CONTROL SYSTEM

The Traction Control System detects excessive rear-wheel spin (e.g., in slippery conditions), and provides better grip for a more confident ride. It accomplishes this by regulating engine ignition and fuel injection, reducing engine torque.

3. ANTI-LOCK BRAKING SYSTEM (ABS)

ABS monitors each wheel's rotation independently, and can reduce brake pressure to any wheel at risk of locking. Combined with Brembo brakes, it allows for maximum braking performance.

4. SEMI-AUTOMATIC TRANSMISSION

No clutch lever. No foot shifter. The semi-automatic transmission uses race car-style paddle shifting for quicker, smoother shifts. Manual transmission is also available.

5. REVERSE

True transmission-based reverse provides increased maneuverability and more complete control.

6. DYNAMIC POWER STEERING

The electronically controlled power steering system provides a varying amount of assistance, depending on vehicle speed—making it easier for any rider to maneuver and steer.

7. CRUISE CONTROL

Simple, one-handed operation and quick engagement allow the rider to easily set a comfortable pace. Available on specific models.

TOTAL FREEDOM AND CONFIDENCE COME STANDARD.

The Spyder features our signature Y-frame design and patented Vehicle Stability System, developed in partnership with BOSCH, providing precise handling and stability.

PROVEN ROTAX ENGINES

The Rotax 1330 ACE engine is configured with three in-line cylinders, producing high-torque response in every gear, 40 percent more low-end torque, and a deep, unmistakable exhaust note. The Rotax 998cc V-Twin engine option offers the responsiveness, torque and power to handle any ride.
