Feature highlights

5 in. color display

High quality TFT display featuring clear view on all important metrics. An intuitive and refined interface allowing quick access to key controls, such as ride settings, drive modes and more.

New LED Headlights

The new LED headlights combine a modern look with a wider illumination area, enhancing visibility in dark conditions for total peace of mind

Stiffer chassis and improved handling

More nimble, sharper in turns and an improved riding experience thanks to a reinforced steering system and chassis.

Driveshaft

Highly durable and robust driveshaft technology will help you enjoy a smooth ride all along the way. No need for further adjustment, alignment or maintenance.

Automatic Transmission (CVT)

No need to worry about changing gears as your continuously variable transmission will find the perfect combination of performance and fuel efficiency for you.

Customization

Designed for limitless customization, with a wide range of purpose-built accessories including windshields, audio system, lighting, visual upgrades, and convenient storage solutions, so you can tailor it to fit your style and needs.
